THE PARK SCHOOL OF BALTIMORE

BROWNIE

Dear Reader,

Obviously, this isn't how we wanted you to receive your yearbook. But in light of a few months of turmoil and inconsistency, we have still managed to produce our yearbook. Hopefully, this year's edition of the Brownie will remind us what school will be like when we are all together again. This book is a collection of the time that we've spent together (and apart) in the past school year. We hope that while flipping through the pages you'll look back at the events of our year with fondness.

It pains us that our year has been altered in such a way and that such drastic changes had to be made to our academic calendar and our yearbook, but as a result of this, the book that you're holding in your hands is more than just any old yearbook: it's a historical document. Someday, you'll be able to look through the following pages and show them to others as a snapshot of what our lives at Park and the world were like at this time—both before and during the spring of this year.

We commend all of your abilities to stick with it and continue learning through distance learning while our school has been shut down due to the coronavirus pandemic and we are regulated to stay at home. And thank you to our teachers and administrators who have worked tirelessly to bring a sense of semblance to this year's spring semester. Please veiw the following pages for insight into how our lives have changed globaly and as a community as this pandemic has spread.

We want this book to be a small light of normality during a time where everything feels crazy, so please, read this book and remember the parts of our year that we spent together. And of course, don't forget to look forward to seeing each other again in the Fall.

Best Wishes
The 2020 Brownie Editors,
Alyssa Alperstein '21, Ben Norin '20, Sarah Renbaum '21

DEDICATION: Ileana Imhoff—19 years

Students will tell you what a phenomenal teacher lleana is. Her colleagues will attest to the fact that she's an experienced pro. Students and colleagues alike have learned so much from her over the years. Lucky for us, Ileana has always been willing to collaborate with fellow teachers and to share with us her materials, strategies, and best practices. She has co-chaired many FACA projects over the years, including co-creating Stories from Home with Angela Balcita, a FACA project that is currently in its 7th year, and she has participated in countless others. She is an avid reader, a gifted writer, and a true lifelong learner. But anyone who knows Ileana knows that a big part of what makes her such an amazing teacher and colleague is that she cares deeply about her students and fellow human beings. Whether she's making masks for people in Baltimore, a meal for a colleague, un desayuno for her class, or hosting a farewell party or organizing a birthday caravan, Ileana reminds us to think about each other and those beyond the Park School bubble.

Thank you, Ileana, for your dedication, your expertise, and your empathy these past 19 years. Park is a better school because of you.
<3 Jenny, Judith, Nathalie, Paul, Sofia, and Xiaomu

I remember distinctly when Ileana announced the news to our ISLA class that she would be leaving Park. What followed was silence. It was not an awkward silence. Rather, it was a mutual understanding that the modern language department, and Park School as a whole, would be suffering a great loss. Whether you know Ileana from sitting in her classes, witnessing her impressive assemblies, or simply seeing her smile as she walks down the hall, she always brings her positive attitude and admirable work ethic to everything she does.

I am fortunate enough to have had Ileana as a Spanish teacher for two years. In those two years, she consistently challenged me and forced me to expand not only my Spanish speaking abilities, but my critical thinking skills as well. She has facilitated us through challenging political conversations, grammatical structures, and cultural investigations, all while remaining invested in our well being and success. I will never forget the day of freshman year where I had to give a presentation in front of my entire class, as well as (to my surprise) all of the Spanish exchange students. Before it started, she said to me, "Lance, I didn't tell you in advance because I didn't want you to stress the entire weekend about presenting in front of the large group. But don't worry, you have done very detailed research, and you are well prepared." This is just one of the many examples in which Ileana has shown immense care for her students.

I have absolutely no doubt that she will continue to apply her excellent work ethic and teaching skills at Baltimore School for the Arts; it will not take a long time for them to realize how lucky they are to have her. Ileana, I will always remember the wonderful discussions, debates, and (of course) games that were held in your classes.

¡Que estés feliz en el próximo capítulo de tu vida! Eres una maestra magnífica. Espero que podamos reunir otra vez pronto.

–Lance Greenberg

Thank You Ileana!

Ileana always jokes with our class that having her as our teacher for three years of high school is far too many. Our class disagrees. She made each and every class interesting, and pushed us to learn. Ileana has helped us love the process of learning a language, and three years doesn't feel like enough time together.

When our Jeopardy games (a class favorite) became competitive, she told us that todos ganamos — we all win— when we are learning Spanish. When we had to practice AP essays (not a class favorite), she thoroughly prepared us and reminded us not to forget the grammar we'd spent so long learning. And for every lesson we covered in class, her love of teaching and of our class was evident. She wanted us to succeed, and made sure to give us the tools to do so.

Ileana cares very much about all of her students. This reaches outside of the classroom as well. As a chaperone on the Spanish exchange trip, she made sure to sit down with each student and ask about how their time spent with a host family was going. She took on some very stressful responsibilities of knowing where we all were and how our trip was going. I'm so thankful for her dedication and thoughtfulness.

I'm also lucky enough to have had Ileana as my advisor. Every week, she checked in on how we were doing, in our lives both in and out of school. She would ask us about our projects, sports games, and performances that we had mentioned in past weeks. She offered us a listening ear, thoughtful advice, homemade treats, and was always ready to defend us. It was clear to us how much we mattered to her. I will definitely miss those Thursday meetings, gingerbread house contests, and end-of-year Starbucks visits, but I know that even after I graduate Ileana will still be there for me.

Ileana, gracias por todo, y buena suerte con tu nueva aventura.

–Katie Gilbert

When I think about Ileana, the first word that comes to mind is "generosity." Ileana has been so generous with her students and her colleagues. Generous with her time, with her ideas, with her feedback, and with her actions. Her generosity goes beyond the walls of Park. Not only is she the most generous mother, wife and friend, but she has also given so much to the larger Baltimore community, often in the shadows and always with humility. Everything she does, she does with love, passion and authenticity. I will miss having her as a fellow immigrant but also as a mentor and my best friend in the Upper School. I will miss her dedication to the profession and to the K-12 language program. I will miss her laugh and her sense of humor. I will miss her intellect and her guidance. I will miss her smile and that constant spark in her eyes.

Te extrañaré, Ileana

–Sofia Park

For me Ileana has been an amazing colleague, travelling companion, leader of the community, master teacher, curriculum designer and above all, close friend. I feel very lucky to have worked with her these last twelve years because every time we collaborated, she pushed me to be a better teacher. Ileana is also one of the most thoughtful people I know, always thinking about ways to support anyone who is struggling or suffering, be it students, colleagues or friends in her immediate community or those in the larger Baltimore area. She always tries to do what is right and does not back away from controversy, but confronts injustice wherever she sees it. I can't express in words how much I will miss her because I truly consider her to be una alma gemela.

COVID-19, or Coronavirus Disease 2019, is thought to spread mainly from person-to-person between people who are in close contact with one another (about six feet). Similar to the flu or other respiratory illnesses, the infection can be spread through droplets produced when an infected person coughs or sneezes. These droplets can land in the mouths or noses of people who are nearby, or possibly be inhaled into the lungs.

GOLDSOUNDZ

What is Goldsoundz?

Goldsoundz is a seasonal event in which student musicians can perform for the Park community in a form that is more casual than that of a concert of recital. Hosted by student hosts every season, Goldsoundz is a night that comes full of exciting student performaces as well as a fun atmosphere created by the hosts, performers, and the audience alike.

Guys and Dolls

The Story

Nathan Detroit makes a bet with Sky Masterson, a world-renowned highroller, that he can't take Sarah Brown, a virtuous salvation army mission memeber, on a date. Meanwhle, Nathan must balance his own love of gambling with his love for his longtime fianceé Adelaide. Inspired by the larger-than-life characters of Daymon Runyon's short stories of the early '30s, Guys and Dolls brings us to another world full of witty one-liners and unforgetable adventure.

Student Directed Plays

Six directors, six plays, and one might full of fun.

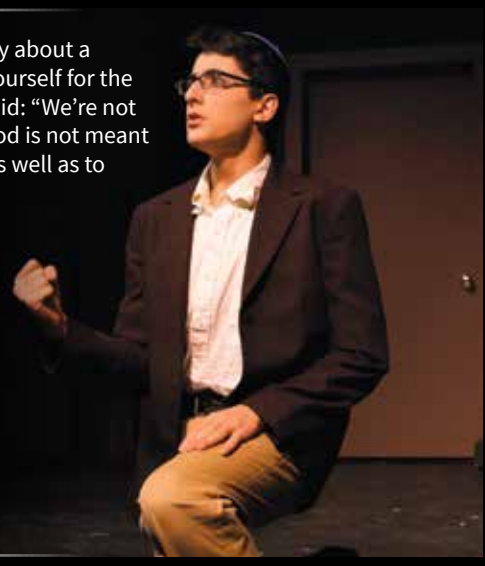
Dear God

Written and Directed by Dylan Sarubin
Stage Managed by Ty Milller

Dear God is an extremely irreverent, hilariously funny play about a young Jewish man's journey of self-discovery. Prepare yourself for the Mel Brooks inspired play to which The New York Times said: "We're not going to rate your play, so please stop calling us!" Dear God is not meant to offend, but to bring light and a alternative viewpoint as well as to humor, to a controversial topic.

Jeffrey Leibowitz: Eli Fox
God: Jensen Gaither
Adam: Ben Norin
Eve: Rachael Kaplan
Gabriel: Ben Norin
Jesus: Johnny Foote
Judas: Ben Norin
Martha Leibowitz: Rachael Kaplan
Zeus: Danny Freedman

Music: Dylan Sarubin
Choreography: Katie Gilbert
Head of Orchestra: Michael Foster
Piano: Lance Greenberg
Guitar: Michael Foster
Percussion: Sam Keleman
Bass: Gus Goucher



Victoria Station

Directed by Jane McKee
Stage Managed by Darya Zarfeshan

Conductor: Carly Troyer
Driver: Aaron Sterling

Victoria Station is the perfect example of communication through silence. Each pause feels like a constant loss of communication, but actually the pauses are the strongest voices throughout the play. Peter King introduced me to Harold Pinter when searching for a play to direct, and I instantly fell in love. Victoria Station drew me in because of its oddity. As you watch I want you to sit back and immerse yourself in the moment, just double check: who are you? And where are you?

2 + 1 = Murder

Directed by Claudia Henry
Stage Managed by Ben Sims

Ponzi: Lance Greenberg
Polly Nomial: Alice Doyle
Lt. Grafton: Rainer Becker
Shifty La Point: Sam Ferraro
Blaze Pascal: Emmett Smith

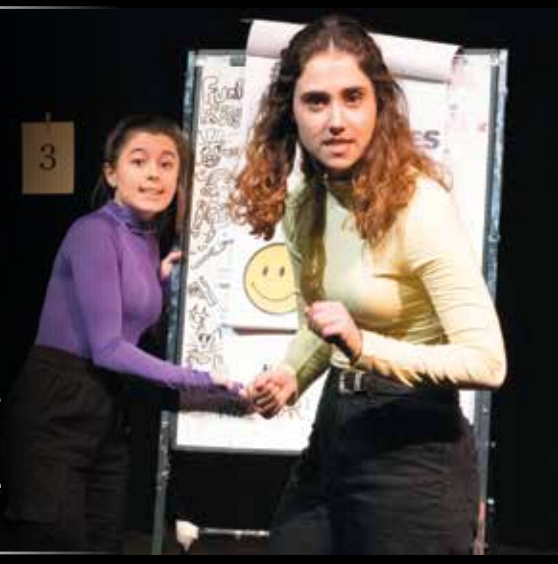
I'm counting on you to calculate who continues to plot in the aftermath of a bloody murder. Unfortunately, I expect a number of you might miss the proof. Without a fraction of a doubt, this film noir murder mystery wrapped up in a few 2 many puns is sure to keep you guessing.

Too Much Light Makes the Baby Go Blind

Directed by Naomi Carpenter
Stage Managed by Jordyn Harris

Naomi Brotman
Sam Cochran
Sarah Garrish
Katie Gilbert
Sonee Goles
Katie Gilbert

Too Much Light Makes the Baby Go Blind reflects the absurdity of our world. Normally, TML is 30 plays in 60 minutes, but has been modified to be 10 plays in 20 minutes, with selections curated by myself. Everything that you see and hear in TML is true. Although each TML play is scripted, ensemble members do not play characters during this show. Audience members are equally vital to the success of TML, as you will be called upon to determine the order the 10 plays are performed in.



10,000 Cigarettes

Directed by Sam Patterson
Stage Managed by Seth Hudes

Gloria 1: Katey Cooney
Gloria 2: Katharine Shock
Gloria 3: Addy Claybour
Gloria 4: Fiona Brummer

10,000 Cigarettes is a work of absurdist fiction that seeks to convince the audience not to smoke cigarettes, but achieves this goal by having a group of sisters (the Glorias) essentially soapbox for 10 minutes about why they love smoking.

Confession: Kafka in High School

Directed by Sammy Braverman
Stage Managed by Charley Davis

Cora K: Alina Glass
Ms. Delilse: Aidan Connors
Mr. Demetri: Anthony Dender
Mr. K: Alex Norbrook
Mrs. K: Noam Fox
Abigail: Lindsay Reamer
Lucy: Clair Charlow
Thomas: Joe Doyle
Erin: Samantha Saunders

Imagine you woke up in a high school conference room. Your principal is accusing you of some horrific crime, but you don't even know what you did! Dive into this absurd world with us, where administrative assistants are forced to do gorilla dances, and watch as Cora K confronts this very situation.

Senior Studio

Senior Studio is an accelerated year-long course for highly experienced students who wish to take a more open-ended art class. These students work in the medium of their choice and explore projects that are personal to them. Unfortunately, the shows were only partially set up in our school gallery, as this years exhibition has been moved online when campus closed due to COVID-19. Please enjoy this sample of each artist's work.

RIVALRY DAY

Rivalry Day is an annual Fall competition between the sports teams of Park and our rival school Friends. The Bruins and Quakers compete each year in sports such as boys and girls soccer, field hockey, girls tennis, and boys and girls cross country. The location switches off each year between Park and the Friends School. The tradition started in 2017, with Park winning the first 3 competitions, but lost for the first time last year to the Quakers. Following the fun day of sports events is our homecoming dance!

Bruins Athletic Council

Bruins Athletic Council serves to encourage student athletes on campus to continue their athletic career throughout middle/upper school. BAC hopes to recruit new athletes each year on to all of our sports teams. We strive to make connections between our Middle School and Upper School teams to form a strong athletic community, and start developing stronger skills in our younger athletes. Our club also serves to strengthen school spirit by promoting athletic events and encouraging student turnout at games to support our student athletes. Our major events this year are Rivalry Day, Bruin Night, and Sugar Day.

Gallery Committee meets every Wednesday during X. Our club is involved with the art exhibitions at Park—setting up the space, installing work, painting walls, and making decisions about themes and artists involved in the shows. We help to select the resident artist each year and the theme for the all-school show. We try to take at least one trip to galleries or studio spaces around D.C. and Baltimore every year.

This club offered a brief introduction to GoLang – a coding language created by Google – by covering basic and intermediate topics within the programming language. We spent the majority of the beginning of the year discussing real-world applications and then worked on some small and big projects to learn more. The majority of the group had little to no programming experience. We are excited for next year!

The KIPP club is a tutoring and mentorship program. Every Tuesday after school, Park students visited the KIPP Ujima Academy and met with KIPP partners to help them review math skills. On top of supporting the KIPP students with their math, we also held events to help strengthen the tutor/student bond. These activities included attending the fall musical, visiting the challenge course, and building gingerbread houses. This program helps Park students with their leadership skills and gives them a chance to connect with other students in Baltimore.

Mock Trial is a club in which students explore the legal processes and participate in simulated trials at the Towson Court House. Students receive a different case every year and are assigned roles as attorneys or witnesses. The Mock Trial team spends time practicing together and coming up with legal theories for their case. The team then competes against other students from Baltimore County public, parochial, and independent schools. The winner is ultimately decided by a judge and a scorer who rule on which team argued the case more effectively.

Neighborhood Revitalization Club

The Neighborhood Revitalization Club (NRC) works with the Community Lot Team of Civic Works to transform vacant lots into vibrant green spaces. Members fundraise for the vacant lots, and twice a month on Saturday morning, the club goes to work on the lot. Civic Works holds two annual days of service: the Ricky Myers Day of Service in the fall, as well as on Martin Luther King Jr. Day in the winter, which NRC participates in. The club has focused its efforts on a series of vacant lots in Arlington, supporting the development of community green spaces. In May, the club runs an annual silent auction at R. House, where all of the proceeds go towards Civic Works.

The purpose of this activity is to help organize and put together Goldsoundz, from making the set list, finding hosts, finding people to work the crew, and trying to get new people on stage. In doing this, we help make these concerts run smoothly for performers, and parents and students in the audience.

Park Service Club

Front Row: Abby Berkowitz ’21, Julia Strouse ’20, Alyssa Aleperstien ’21.

In the Park Service Club we partake in service, in and around the community. Some things we have done this year include: volunteering at Baltimore Hunger Project, creating Halloween bags for children in the hospital, buying a “necessities bag” for homeless citizens, baking Valentine’s day goodies for Park staff, and so much more.

Partners Program

Through The Partners Program at Park, Upper and Middle School students establish friendships with Lower School students of color* in weekly meetings and Partners-wide events. The program was started in 1997 with eight pairings and has grown to now include about 15% of the student body.

Robotics Team 1719

In Robotics, we build robots. Every year, we learn about a new game and never know what to expect! Once the game is announced, we only have two months to construct and design a robot. After the build season ends, we compete in local events with roughly 40 other teams! If robots aren't your thing, you'd probably still love the Robotics club. We have a variety of non-technical related activities such as fundraising, outreach, media, and branding. These events are open to the public, so if you're interested, see one of the team members for details.

Autumn Harvest Festival

The Autumn Harvest festival is a Lower School tradition. Each October, the 1st-5th grade students gather on Tompkins for an afternoon of games, songs, and a story by Laura Amy Schlitz.

The Lower School has been fighting hard for environmental reform this school year. A few initiatives include Ms. Hoitsma's class's Terracycle project, the campaign to reduce idling in carpool line, and the new Eco Club.

Chorus performs at the Winter Choral Concert.

"For the first time, Park had two **FIRST Lego League teams:** the **Bruin Botz** and the **City Botz**. Between the two teams, 16 fourth and fifth grade students attended weekly meetings all fall and early winter where we built robots and did research on how we can make aspects of our community better. In February, we attended Roboquake on Lake at Boy's Latin, where both teams competed against other local teams that were made up of mostly sixth through eighth graders. We had a lot of fun and look forward to participating again next year!"

WINTER SOLTSICE

The solstice is a milestone for the fifth graders. It is a yearly tradition where the students dress up as different characters and animals. Every year students practice for months to perfect this special performance.

Since 1912, Park School's May Day has celebrated spring through song and pageantry. The event marks a 5th grader's graduation from Lower School and transition to Middle School. This year, due to the coronavirus, a new style of celebration was in order, and the 5th grade May Day parade was born.

"Best May Day ever!"

My favorite part about middle school is that we have more freedom. You can eat anywhere you want and you have breaks where you can walk around and read in the library.

I chose instrument making because I was allowed to be creative, and make anything I want. ELW is special for me, because you can really do anything. There's a class for most things, like board games, architecture etc. I like playing instruments, so I chose instrument making. I made a banjo in ELW*.

> In my project I worked to improve sports funding in Baltimore City Public Schools. My group was very productive and we got to go to an organization called Leveling the Playing Field. We were also fortunate enough to talk to many experts on the topic. Advoc8 was a great experience. I really enjoyed it and I hope to do more in the future.

CLASS OF 2020 SENIORS

Letter From Class Advisors

Dear Class of 2020,

Where did these four years go??

You created a place where students feel they can geek out on whatever it is they love, and students and faculty alike have taken notice. From our 9th grade retreat to 10th grade service projects to Hairspray to student directed plays, Senior Shows, PostScript, Senate, glorious wins (and hard losses) on the playing fields and courts, and now this yearbook, you have been true leaders and, in doing so, have inspired others to take risks, stumble, and succeed.

You have been straightforward, kind, empathic, and real with each other. You shared your passions and your frustrations with all of us. But you also listened and learned from past seniors, and then took your own bold steps as you molded the class clay. You've questioned, cared for each other, and acted in the best interests of the school. You leave big shoes to fill. And while we don't particularly want to see you go, we know that you're ready to get out there and join new communities where we're confident you'll thrive. Be safe, make good decisions, and have fun!!

We miss you already!
<3 Julie and Jenny

ELIJAH WOOD

May God never stop leading our lil' leader now all grown up. Lijah, never forsake your dreams and your destiny will never grow tired of coming true.

We love you. Mom & Dad

I hope the days come easy and the moments pass slow,
And each road leads you where you want to go,
I hope you never look back, but you never forget,
All the ones who love you, in the place you live,
But more than anything,
Our wish, for you, is that this life becomes all that you want it to.

- My Wish by Rascal Flatts

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.
-Robert Frost

Benj,

Watching you grow from a sprout to a tree has been golden. We are so proud of you on your graduation.
